Note: The Excel snapshot above shows the first 20 Acer laptop rows (formatted).
You can edit/add your name, roll number and college details on the title page later.

Step 2. Conditional Formatting (Excel)

- !. Duplicate value – Product highlighted in orange.
- !!. Greater than – Price greater than Acer mean price highlighted red.
- !!! Less than – RAM less than 4 GB highlighted blue.
- !V Between – Price between 25th and 75th percentiles highlighted yellow.

Conclusion & Recommendations

- Total Acer laptops analyzed: 101
- Average price: 633.46 EUR | Average RAM: 6.02 GB | Average CPU: 2.13 GHz
- Recommendations: Clean missing prices, standardize RAM/CPU units, highlight top/budget models in present

You can now add your personal details (name, roll no., college) on the title page in a PDF editor.
